

SLEEPLESS

Your Event Discovery Platform

Investor Pitch Deck

December 2024

The Opportunity

South Africa's entertainment and events industry represents a massive, underserved market opportunity. With over **18 million** young adults actively seeking entertainment experiences, there is no dominant platform connecting event-goers with the events they love.

Sleepless is positioned to become South Africa's leading event discovery and ticketing platform, serving everything from daytime festivals and pool parties to evening concerts and late-night club events.

Market Size

The South African entertainment market presents a compelling investment opportunity with strong fundamentals and significant growth potential.

Market Segment	Annual Value (ZAR)
Live Entertainment & Concerts	R15 billion
Clubs, Bars & Lounges	R12 billion
Festivals & Outdoor Events	R8 billion
Private & Corporate Events	R5 billion
Total Addressable Market	R40+ billion

South Africa’s young population (median age 27.6 years) and growing middle class create ideal conditions for entertainment spending growth, projected at 8-12% annually through 2028.

The Problem We Solve

Event discovery in South Africa is fundamentally broken. Both event-goers and organizers face significant challenges that limit market growth and create poor

experiences.

For Event-Goers

Pain Point	Current Reality
Fragmented Discovery	Events scattered across Instagram, WhatsApp groups, Facebook, and word-of-mouth
Ticket Fraud	Counterfeit tickets cause financial losses and denied entry
Limited Information	Incomplete details about venues, lineups, and pricing
No Personalization	No way to discover events matching personal preferences

For Event Organizers

Pain Point	Current Reality
Limited Reach	Audience confined to existing social media followers
Manual Processes	Ticket sales via bank transfers, manual guest lists
No Analytics	Zero visibility into customer demographics or behavior
High No-Show Rates	No automated reminders or engagement tools

Our Solution

Sleepless provides a comprehensive mobile platform that transforms how South Africans discover, book, and experience events.

Platform Features

Feature	Benefit
Smart Discovery	AI-powered recommendations based on preferences, location, and history
Secure Ticketing	QR-coded tickets with real-time verification—eliminates fraud
Seamless Payments	Card, EFT, and mobile wallet integration
Social Features	Share events, see who's attending, follow favorite venues
Event Reminders	Push notifications ensure attendees never miss an event
Favorites & Calendar	Save events and view in calendar format for easy planning

For Organizers

Feature	Benefit
Instant Reach	Access to thousands of active event-seekers
Real-Time Analytics	Track sales, demographics, and engagement
Automated Marketing	Push notifications and featured placements
QR Verification	Instant ticket scanning at venue entry
Revenue Dashboard	Complete financial visibility and reporting

Investment Highlights

Sleepless represents a compelling investment opportunity with strong fundamentals.

Highlight	Detail
Large Market	R40+ billion entertainment industry with no dominant mobile player
Proven Model	Transaction-based revenue validated globally (Eventbrite, Dice)
First-Mover Advantage	No dedicated entertainment event platform in South Africa
Scalable Technology	Modern stack built for millions of users
Multiple Revenue Streams	Diversified model reduces risk
Strong Unit Economics	Low CAC, high LTV potential
Clear Path to Profitability	Break-even projected in Year 2
Expansion Potential	Model replicable across Africa

Exit Opportunities

Multiple exit pathways provide investor liquidity options.

Exit Type	Potential Acquirers	Timeline
Strategic Acquisition	Eventbrite, Live Nation, Naspers, MTN	3-5 years
Regional Consolidation	African tech platforms	3-4 years
Private Equity	Growth PE funds	4-6 years
IPO	JSE or international listing	5-7 years

Comparable exits in the events/ticketing space have achieved **3-5x revenue multiples**, suggesting potential exit valuations of **R150-250M** based on Year 3 projections.
